FIFTEEN CENTS

WHETHER OR NOT they realized it, Antioch's mayor, Robert C. Wilton (dressed as Abraham Lincoln) and wagon master Al Mavis recreated the state's official bicentennial wagon train pose (see drawing below picture). The covered wagon and its accompanying horsemen came through

Antioch last weekend, staying at Vern Thelen's farm Saturday night, and coming into the village Sunday. Last night they merged with the Wisconsin wagon train and this morning continued on their journey which will end July 4 at Valley Forge, Pa.

## Tennis Court Okayed for Jensen Park

The Antioch village board Monday night okayed bids, totalling \$6,472, to build another tennis court in Doc Jensen park.

The court will be built by Burlington Pavers for \$3,980 and the fence around it will be constructed by Meier's Masterbilt Mfg. of Fox Lake for \$2,492.

The village also is planning to fence in the entire park for a cost of \$14,000 or \$15,000. Walter Shepard, superintendent of public works, is drawing up plans for the 6-foot cyclone fence.

THE VILLAGE'S Zoning Board of Appeals has set Tuesday, June 1, at 7:30 p.m. for a public hearing on a petition to annex the Antioch Bowling Lanes property. Owners Joseph W. Sterbenz and Martin Padjen are asking that their land be brought into the village.

Two meetings are scheduled tonight (Wednesday). The village plan commission meets at 7:30 p.m. and the park commission at 8 o'clock.

TRUSTEE J. IRVING Walsh reported Monday that most village employees are in line for a 7 percent pay raise. The village is beginning a new fiscal year.

This is the first year Antioch will be taking over operation of the swimming pool, which was given to the village by the Lions Club. Pay for workers at the pool will range from \$1.50 an hour for those at the concession stand to \$2.50 for the assistant manager.

Trustee Arnold W. Weber gave the village's police report for April. It included 21 parking tickets issued, 9 paid, 79 traffic

## Grass Lake School Vote Is Saturday

"Grass Lake School is in dire financial straits," said Superintendent Eugene Paulausky.

Consequently, the school district is asking for a 40c increase in the education fund and a 20c increase in the operation, building and maintenance fund.

The voting will be Saturday at the school, from 12 noon until 8 p.m.

The increase would cost a taxpayer, owning a \$30,000

home, \$60 a year, Paulausky said.

"If you broke this down into months, it would amount to \$5," he said. "If you further reduced it ... it would amount to 18c a day, or the cost of a candy bar or bag of potato chips."

"Due to loss in revenue as a result of lowered assessed valuation, a reduction in the operating funds, Gov. Walker's

## The Town Crier

Antioch will be the scene of a wonderful and heartwarming reunion next week.

Mrs. Isaac Swanson, 78, of Morley's subdivision, is awaiting the arrival of her sister from Sweden.

Mrs. Swanson hasn't seen her sister in 56 years, when she was 22 and her "baby sister," now Helga Olson, was 3.

"I never went back to Sweden," said Mrs. Swanson. "I always wanted to, but could

## Chamber Asks Reservations By Monday

Reservations are due by Monday, May 10, for the next general membership meeting of the Antioch Chamber of Commerce and Industry. It will be held Thursday, May 13 at the Antioch Country Club. The theme of the meeting will be "Shoplifting Prevention."

So that store employees can also attend, it will be held in the evening - 6:30 p.m., cocktails, 7:30 p.m., dinner. The cost is \$6 per person.

The program will consist of a film, "The Shoplifter," followed by a panel discussion presented by Sue Koppa and Chuck Miller, Antioch police department, and Atty. Mike Gantar, dealing with the successful apprehension, arrest and conviction of shoplifters.

Posters and literature regarding shoplifting, bad checks and internal shrinkage will be available at the meeting.

Persons can make reservations by calling the Chamber office, 395-3381, before Monday.

## High School Bands In Spring Concert

The Antioch High School bands will give their spring concert Saturday night at 7:30.

Four bands from the instrumental music department will perform: the concert band, the jazz ensemble, the beginning band and the symphonic band.

Director John Olisar said the last portion of the program will be a salute to our nation's 200th birthday.

The symphonic band will perform, "Fanfare for Freedom," John Philip Sousa's famous "Stars and Stripes Forever," "American Salute," by Morton Gould, and selections from the musical "1776."

The concert will conclude, Olisar said, with "a stirring arrangement of 'America the Beautiful,' which includes a portion of Lincoln's Gettysburg address and a slide presentation of our country's presidents.

Tickets can be obtained from band students. Prices at the door will be \$1.50 for adults and 75c for students.

## 6th and 7th Graders Plan Exciting Auction

Sixth and 7th grade students at the Antioch Upper Grade school will hold an auction on Thursday, May 13, at 9 a.m.

It is part of the "micro-community" program in Mrs. Maureen Musgrove's economics class. The auction will be in the school gymnasium and Mr. Al Paul will serve as auctioneer. Ringmaster will be Mr.

John Kaiser and the clerk: Mrs. Mary Kaiser.

A total of \$2,600 worth of prizes will be auctioned off. The prizes include 10 speed bikes, movie cameras, stereos, tennis rackets and games.

The auction was financed by Mrs. Musgrove's candy sale in January of this year.

Mrs. Musgrove said that 140 of her students will participate and the event will be covered by TV Channel 7 of Chicago.

tickets issued, 14 thefts, 4 thefts from autos, 2 stolen vehicles and 13 cases of vandalism.

Trustee Michael J. Haley told the board that the village animal warden has suggested keeping stray dogs for a week, then taking them to the Lake County dog pound.

Haley said no meeting has been set yet between his village public relations committee and the Chamber of Commerce committee that will investigate the feasibility of building a parking lot behind the stores on the east side of Main St. The Chamber's committee includes Bill Patterson, Don Peterson and Dennis Johnson.

Kenn Nelson, representing the Chamber at Monday night's meeting, asked for a progress report on the proposed village sign ordinance.

Haley said it will be on the agenda when the board meets again Monday, May 19.

Nelson also asked about the improvements the Chamber is seeking in Anita St., the terribly bumpy road that serves the industrial park.

"We're designing plans so that we can let out bids," said Public Works Superintendent Shepard.

MARGARET WALSH

## Teacher Retires

Margaret Walsh, long-time resident of the Grass Lake Community, will retire at the close of the 1976 school year.

Mrs. Walsh's first contact with the school began at age 7 when she entered the second grade. She continued there until her graduation from the little one room school house.

She has been active in the school district by serving on the P.T.A. board, and also was the only woman elected to the school board when the first seven member board was formed.

She taught at Lotus grade school for three years but returned to Grass Lake in September, 1960. She has been one of the outstanding teachers there for the past 16 years.

Mrs. Walsh will be feted by the community at the P.T.O.'s Spring Dinner Dance at Brae Loch Country Club on Friday, May 14.

Friends or former students wishing to attend can call the school for reservations.

## Temporary Census Takers Are Needed

Applications for temporary jobs as census takers can be made at the Antioch township office.

Lloyd E. Murrie, township supervisor, said the jobs will last from eight to 10 days and persons can earn between \$20 and \$25 a day.

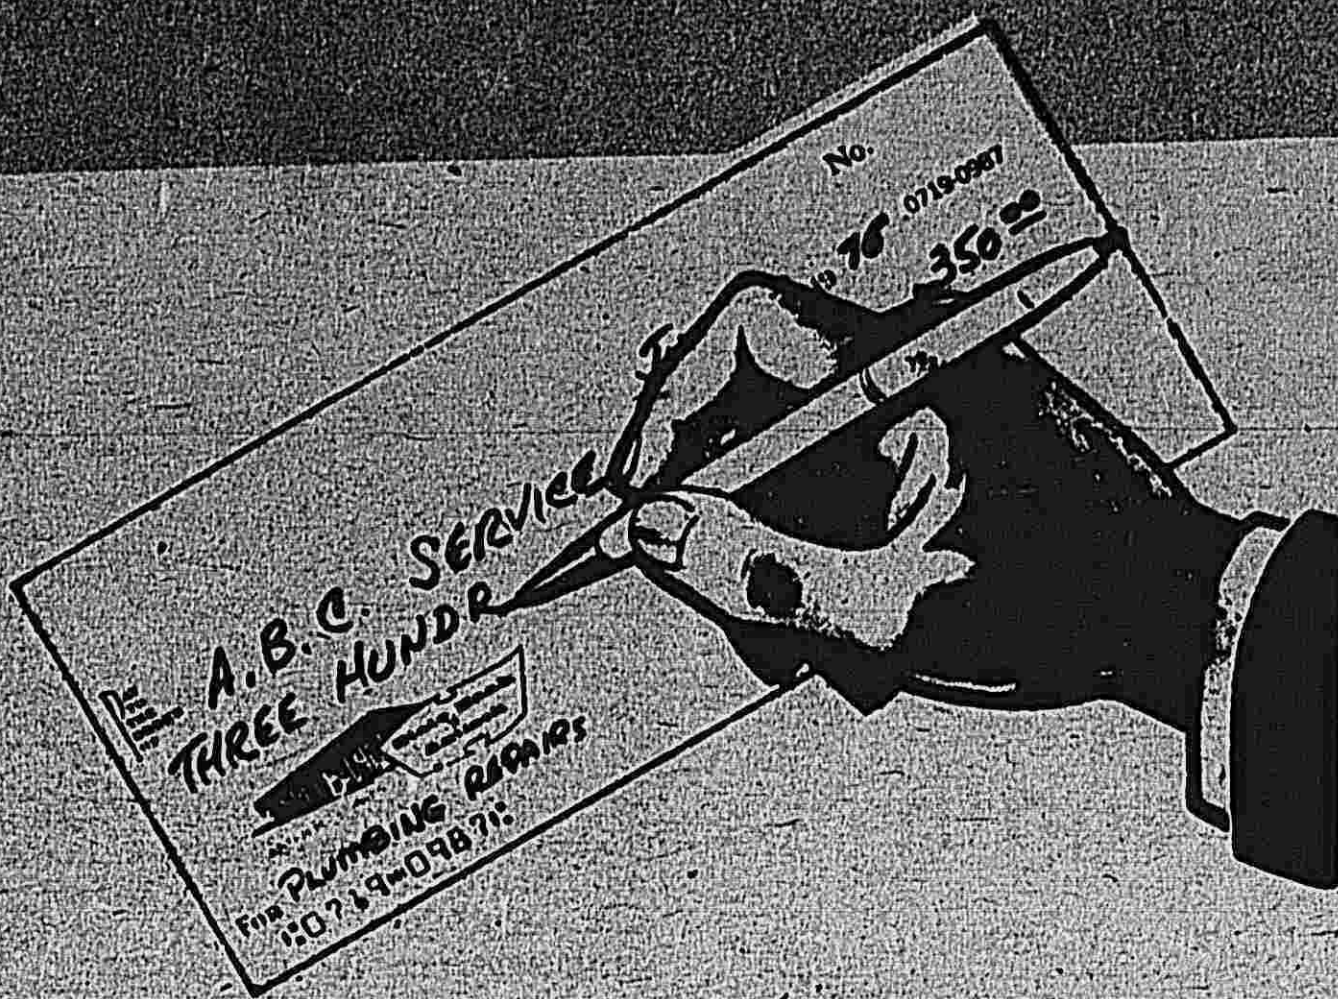

"It would be a good job for a housewife or student who wants to pick up a little revenue," said Mr. Murrie.

A special census will be taken in Lake County's unincorporated areas with the expectation that it will raise the official population. Census takers will be going door to door in June to get a head count.

The amount of state income tax revenue Lake County receives depends on its unincorporated population.

While the regular census taken every 10 years asks more detailed questions, the special census will be strictly for a head count.

The census takers will have official census bureau identification tags and an identification picture.

ROCK ISLAND Glen Amundsen, Antioch, was one of four Augustana College students who served as personal honor guards for King Carl XVI Gustaf of Sweden when he visited the Augustana campus. Five thousand persons welcomed the king at a public ceremony held at the physical education center on the campus. Augustana is the oldest and largest of the colleges founded by Swedish immigrants in America.

## BARRY GOLDWATER

## We Are Losing Our Economic and Military Strength

By SEN. BARRY GOLDWATER

How serious is the threat of big government?

It is so serious that I have stopped talking and started writing. My new book, "The Coming Breakpoint" (Macmillan), warns of the serious consequences this nation will face if it doesn't come to grips

with the problem of big government - very soon.

It is my belief that this nation is headed for a breakpoint - a place where the taxpayer's ability to withstand the load of unlimited government largess finally gives out.

It is the time when the industrious, thrifty, working population of the United States finally decides that it can no longer support the remainder of the population in a manner defined by the politician.

MY BOOK is frankly pessimistic. It was meant to be. Something must be done to jolt the people and their officials into taking the kind of action

that will prevent the United States from sounding a "last hurrah" for government by, of and for the people.

As we begin the celebration of the 200th anniversary of the founding of our country, the challenge that faces us is whether Americans will celebrate the 225th, the 250th or the 300th anniversary in the same atmosphere of freedom, or will our children be looking back on the ruins of a once-great concept that died because not enough people cared.

RECENTLY A friend told me that in his stamp-collecting days he purchased an English stamp which carried the familiar slogan, "The sun never sets on the British Empire."

But the sun has set on the empire because England allowed herself to become weak, militarily as well as economically. The question that comes to mind: Where is our sun in relation to the United States?

Is it at high noon, where it should be? Or is it over the yardarm, ready to disappear beyond the horizon?

If darkness comes, it will be because the United States has lost its economic and military strength.

"Be not slow to visit the sick." Ecclesiasticus VII

veto and a shrinking state contribution to the school, the district's debt is escalating rapidly. In fact, the 75 percent legal limit in borrowing has been reached, which means next year at this time the legal limit could be surpassed," the superintendent said.

Reductions in the program have been made. Art, music, two aides and a teaching station have been eliminated. Extra curricular activities are being reduced. However, these cuts are not nearly enough to keep the district fiscally sound, Paulausky said.

"The school wishes to inform all the residents of Grass Lake concerning its financial status. At a time when young people need more opportunities to

learn, programs have to be curtailed. Young people are the victims," he said.

Even with a successful referendum the school would not be completely free from financial stress. There would still be approximately a \$14,000 deficit. However, with prudent spending, the budget could be balanced, Paulausky said.

A meeting has been established to discuss the district's financial situation. It will be held Thursday at 7 p.m. at Grass Lake School.

"If you have any questions, please come to the meeting or feel free to call the school. We'll strive to answer your concerns as candidly as possible," Paulausky said.

never get the money together." However, she and her sister have written each other regularly over the years.

Mrs. Swanson's husband, Isaac, died nine years ago. They left Sweden in 1920 and first came to Antioch in 1925. They became permanent residents in 1937.

She had 11 sisters and brothers. Her sister, Svea Johnson, who is 69, lives with her now. Svea has been back to Sweden twice, so she has met Helga. One of their brothers is coming to Antioch from Utah next week for the four-member family reunion.

Helga will fly Thursday from Sweden to New York. After a week in New York (she's part of a tour group), she will fly to O'Hare Field and call her sisters in Antioch.

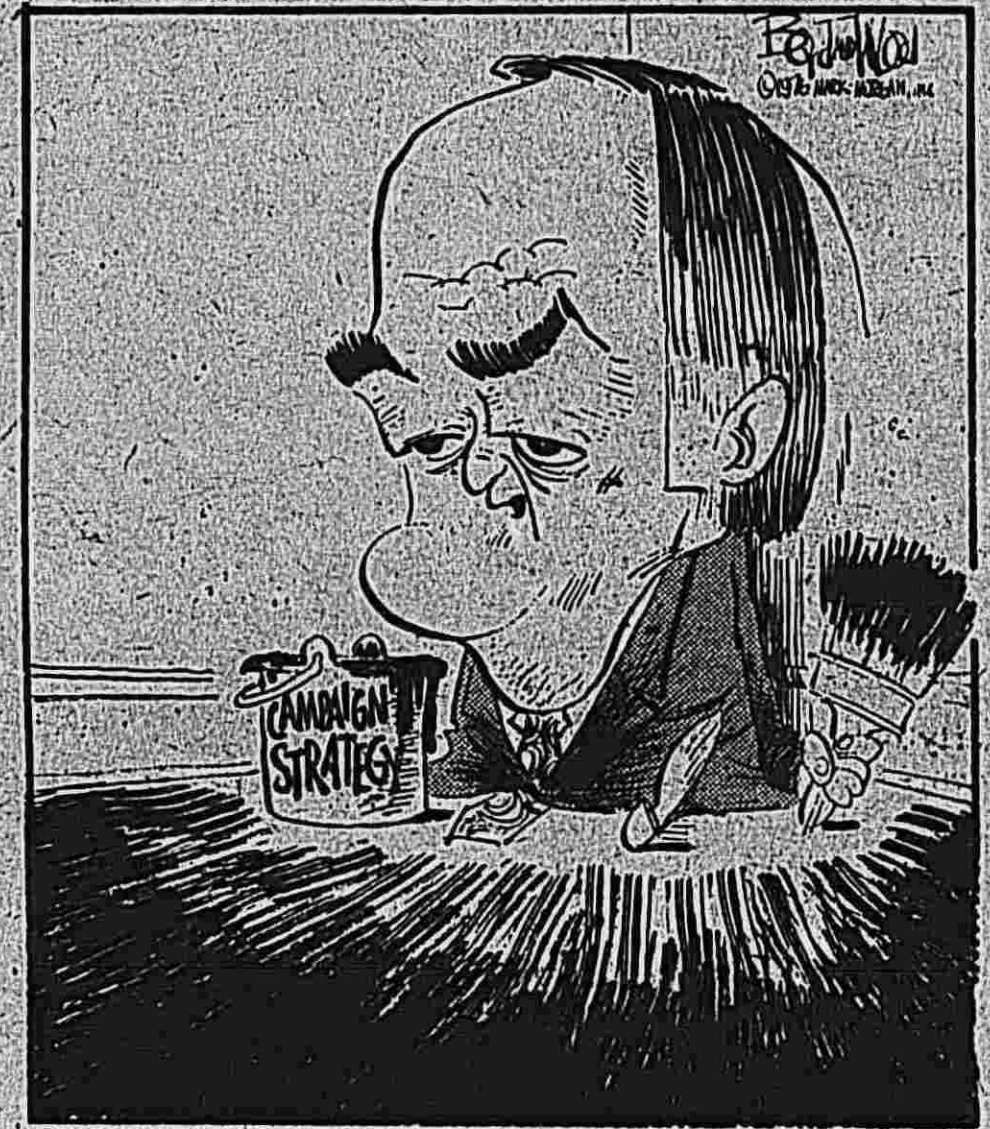

What a cause for celebration! Why doesn't somebody invite King Gustaf?

OUR FRIEND, Bill Branen of Burlington, passes along this story:

A man who was visiting in Hawaii had an embarrassing moment in his hotel.

He called down to the desk at the Royal Hawaiian in Honolulu and asked what T-A-M-H-T-A-B meant in Hawaiian.

The desk clerk said, "It doesn't mean anything in Hawaiian. In English it's BATH-MAT-upside-down."

## Tips On Saving Water And Energy

Our underground water supply is 2,000 to 3,000 times greater than all the lakes, streams and rivers combined, according to the Ground Water Council. While scientists agree we are not in danger of running out of water, we should use it wisely.

If you have or are thinking of getting your own well or water system, the tank should be large enough to hold the total amount of water needed for the peak morning and evening demand periods.

Here are a few tips for saving water — and energy too:

1. A household faucet runs three to five gallons of water a minute. If left on for an hour, 300 gallons (more than a ton!) go down the drain. Turn off your tap when you aren't really using it.

2. Think before you run the hot water, too. You'll be saving energy by heating only what you need.

3. Put a stopper in your sink or use a dishpan when you wash dishes. Washing with running water uses about 30 gallons each meal.

4. Wait until you have a full washer load before running your washing machine — or your dishwasher. The average automatic clothes washer uses 50 gallons per load.

5. Take showers. A bath requires 36 gallons; the usual shower, 25. You can save 15 more gallons in the shower if you turn off the water while you lather.

THE ILLINOIS BICENTENNIAL wagon train was welcomed to Antioch by village officials Sunday. From left, Jim Williams, Bill Brook, wagon master Al Mavis, Mayor Robert Wilton (dressed as Abe Lincoln), Ann Buck, Bill Seemann (as George Washington), Arnold Weber, Diane (Willie) Schmidt, Marilyn

Sterbenz, Mike and Jennifer Haley, J. Irving Walsh and Ron Cunningham (recovering from a broken foot). Mayor Wilton presented Mavis with a plaque, designed by Edgar Simonsen, and featuring Dr. James Kopriva's Antioch bicentennial design.

## 4th of July Celebration Planned Here

Exactly 200 years from the precise moment that the "Liberty Bell" proclaimed independence for the new nation... bells in the village of Antioch will toll for two minutes at 1 p.m. on July 4, 1976, to commemorate our nation's first two centuries.

The Fourth of July will begin with bells pealing for parishioners to attend Sunday services throughout Antioch and end with the clean-up crews picking up the debris at the park from

"Those Were the Days," the village's Bicentennial Celebration.

In between, - Bob Wilton and Don Amundsen's crew will be dishing out the food; Irv Walsh and Earl Lowe's crew serving beverages; - Sue Koppa and Gus Costoff's guys and dolls playing games with the youngsters, and Shirley Folbrink and Ed Frazier's villagers handling the "Commemoratives."

The parade has 32 to 40

entries, thus far. John Horan is parade marshall while the Antioch Fire Department will direct the crowds.

St. Peter's V.I.P. Dinner-Dance made a contribution of \$177.60 to the Bicentennial funds.

## The Time Machine

### 70 YEARS AGO: MAY 5, 1906

Henry Herman is having a new cement sidewalk laid in front of his building on Main Street.

Born to Mr. and Mrs. Frank Wilton, on April 14, a baby boy. On Wednesday the Antioch Chapter, Order of the Eastern Star, assisted in the organization of a new chapter at Millburn.

Wm. Tiffany had a bonfire that was a little beyond his expectations. While burning rubbish in the backyard, in some way a strawstack caught fire and it was with difficulty that the blaze was kept from spreading to the barn.

### 50 YEARS AGO: MAY 6, 1926

A still that is alleged to have been supplying large quantities of moonshine to the city and county for over a year was muzzled when Constable George Higgins of Wilmett raided the home of Albert Schlau, about five miles south of Salem on the Antioch road at Cross Lake. A 20-gallon still with 20 gallons of moonshine and alcohol were seized in the bedroom of the home.

A state inspector was in Antioch Wednesday and made a visit to the evening show at the Crystal Theatre. It is alleged that he had a complaint to serve on the management coming under the child labor law. There were two girls present under age, to dance the Charleston.

Ed Garwood, Antioch taxi driver, made a trip to Waukegan with two gentlemen to make connections with a train for Chicago. On returning home, Mr. Garwood was stopped by two young men in Waukegan who pushed a gun in his ribs. They relieved Garwood of \$27 and left in their coupe, which was standing by the roadside.

### 20 YEARS AGO: MAY 3, 1956

That the Antioch Community Consolidated Grade School system will have an enrollment of 800 students within the next three years was the prediction made by Supt. Richard Whiteacre before the village board Tuesday evening as he made a request for the use of the Scout House for overflow classes next year. Mayor James McMullen said that his reply could not be given until some heating and maintenance changes were made.

Go to Lovinger's in Waukegan and Zion for the best in formal wear rental service. We feature "Tony Martin" style in white or powder blue coats, navy blue pants with plain or plaid cummerbund to match, only \$8.50.

### 10 YEARS AGO: MAY 5, 1966

Eleven first place ratings out of 12 attempts - this is the record of the Antioch Grade School Band at the State Contest level. The band has one of the best contest records in Lake County. George Olisar, band director, was given tokens of appreciation from each class in the band and a gift from the entire band at a recent Band Parent Association banquet.

Antioch High School formally initiated the use of its new baseball diamond on Friday before the ball game with the Grant Bulldogs.

**SUPPORTING ENVIRONMENTAL STUDY** -- Bonnie Litchfield (right), head of public relations and advertising at the First National Bank of Antioch, presents the sponsors check for three high school students to attend the summer environmental program to Mr. Ed Kurek, director of curriculum and guidance at the high school. Sharon Endries, one of three 1975 representatives to Illinois State University last summer, sponsored by the bank, looks on.

## Students Receive Backing From Bank

The First National Bank of Antioch presented a check to Antioch High School's guidance director, Ed Kurek, last week sponsoring three students in the summer Environmental Program held at one of the state universities.

The program, which the bank has helped sponsor for several years, involves the training of high school students in environmental workshops. They cover such areas as population density, conservation and ecology.

The students will spend one week during the summer in intensive study of the environment.

Students involved in the program are chosen from the freshman and sophomore classes by their science teachers on the basis of interest in the scientific study of environment.

"The First National Bank is happy to be able to allow these students to pursue their interest and gain the knowledge and leadership necessary to help keep America beautiful," said L.M. Woods, president. "The bank has also worked closely this year with the high school business classes during their course work on banking and financing and hopes to continue this and other programs in the future."

## Kindergarten Registration At Grass Lake

Kindergarten registration and tea for the 1976-77 school year will be held at Grass Lake School next Monday, May 10, at 1 p.m.

All children entering kindergarten in September must be 5 years of age on or before Dec. 1, 1976. A legal birth certificate must be presented at the time of registration.

Birth certificates can be obtained from the bureau of vital statistics, county courthouse of the county in which the child was born. Hospital certificates cannot be accepted.

At the time of registration parents will receive a health examination blank which must be completed by the family physician and dentist before the child enters school in the fall.

Children who will attend first grade next September and are not currently enrolled in kindergarten should register also. In order to enter first grade, the child must be 6 years of age on or before Dec. 1, 1976. Again a legal birth certificate is required.

First grade students not currently enrolled in kindergarten will also receive health examination forms to be com-

pleted by the opening of school in the fall.

### Sweet Story

An English company has come up with an unlikely substitute for petroleum, and although it won't power your car, it may clean your body. The substitute is sugar.

Tate and Lyle is currently field-testing a new detergent made by heating sugar and tallow in the presence of a catalyst. This unusual soap may be the first in a new line of products which use sugar rather than petroleum as a base.

The company reports that the "sweet soap" is biodegradable and phosphate-free.

### Bicentennial Sign Flies High, Low

The national Bicentennial symbol, already seen on Air Force jets, will be seen flying closer to the ground this spring. The American Revolution Bicentennial Administration (ARBA) has announced that among six products licensed during December was a Frisbee.

## Pet Show Fun for Kids, But 'Hairy' for Animals

Students at Grass Lake School had quite a pet show Sunday.

The children, many helped by their parents, showed up with a remarkable variety of pets, including turtles, hamsters, fish, dogs and cats (of course) and even a chicken, a goose and a rabbit.

Trophies and ribbons went to the winners, including the pets who were the best behaved, wore the best costumes and were judged the funniest.

There were some anxious moments. Dogs and cats eyed each other suspiciously, and the fish, especially, had to be protected from the cats.

As far as anyone knows, there were no casualties and the show proved to be delightful entertainment.

ONE OF THE prize winners at the Grass Lake School pet show Sunday was this charming goose, held by Christine Mattson. During the show it was paraded around the ring by Michael Mattson.

SUZY SAMSON'S cat, Key, won two or three awards ... including one for being the "funniest cat."

## Along the way with ANNIE MAE

Congratulations to John Gripando and Karen Kirten, who were elected king and queen of Antioch High's School's annual prom.

The big event was held last weekend at the Illinois Beach Lodge in Zion.

What a lovely court of honor Karen had: Lori Haviland, Kathy Stagg, Sheila Haley and Jamie Grunewald.

And John was backed up by four super guys: Mark Stewart, Bruce Kecskemeti, Martin Witt and Drew Dietz.

**JOHNNY APPLESEED** returns to Antioch Wednesday at 8:30 a.m. when he plants trees at Faith Lutheran school.

Then, at 9 a.m., he will present Walter Shepard, super-

intendent of public works, with the trees donated by individuals for Antioch's village parks.

**LINDA CERMAK** was 30 years old on Apr. 25. A surprise party was held in her home last Saturday night. More than 30 people attended, with friends coming as far as Indianapolis, Ind. Linda is recuperating nicely from the hard time she had blowing out all of those candles. (You'll never guess who sent us this item.)

**BELATED BIRTHDAY** wishes to April Soulak, who was 4 on Apr. 27. Doggone it... we had April's birthday in our little blue book but forgot to tell you about it.

Betty Smouse and Sue Kasik celebrated their birthdays yesterday (Tuesday) and Joe Rush will celebrate on Sunday, the 9th. (But Joe doesn't get any older; he stays young by running and lifting weights every morning.)

Time for dances, spring advances.

Beat your carpets outside now... Partial Eclipse of the moon May 13 (not visible from continental U.S.)... Full moon May 13... Skunks now being born... Average length of days for the week, 14 hours, 33 minutes... Burma monsoon begins this week... Armed Forces Day May 15... Apple blossom time now... An idle brain is the devil's workshop.

**Old Farmer's Riddle:** Which President was the victim of grave robbers? (Answer below.)

**Ask the Old Farmer:** My father used to have a breakfast dish he called "tongues and sounds." I have never seen reference to the meal since, and I have no idea why it was so named. Do you? D.E. New Bedford, Mass.

It's a meal made up of parts of a codfish that are usually thrown away today. The sound is the air bladder, or flotation sac, which is deflated when a fish "sounds" or goes to the bottom. You know what the tongue is. **Home Hints:** Carry a magnifying glass in the glove compartment of the car for easy map reading... **Riddle answer:** In 1876 two criminals managed to get Lincoln's casket halfway out of the tomb before they were caught.

**Piedmont & Southeast Coastal:** First part of week partly cloudy with warm, scattered showers; heavy rain end of week.

**Florida:** Heavy showers in south at midweek approach north latter part; cooler than normal all week.

**Upstate N.Y.-Toronto & Montreal:** Rainy and hot at first, then becoming sunny and cool; rainy weekend.

**Greater Ohio Valley:** Showers and mild both at beginning and end of week; clear, hot midweek.

**Deep South:** Early week cloudy and showery, then becoming clear by midweek; heavy rain and mild at week's end.

**Chicago & Southern Great Lakes:** Entire week cloudy and cooler than normal, a few scattered showers; clearing up at week's end.

**Northern Great Lakes:** Mild; becoming cloudy with possible showers in central and north by midweek; clear and hot end of week.

**Central Great Plains:** Sunny and hot all week, except rain in central and east, light rain in west midweek.

**Texas-Oklahoma:** Some scattered showers throughout week, more in north and Gulf region; cooling over weekend.

**Rocky Mountain:** Central and south mostly sunny and hot all week; variable in north, with some showers.

**Southwest Desert:** Entire week partly cloudy and cooler, with scattered showers in east to midweek.

## Moose Lodge Installs Its New Officers

The Loyal Order of Moose held its installation of new officers at the Moose home in Antioch and about 100 members and guests witnessed the ceremony.

The installing governor was Ed Borter. Assisting was Art Andersen of Antioch who served as installing sergeant-at-arms.

The new officers are:

Governor, James Page (incumbent); Calvin Blicke as Jr. Governor; Prelate, Richard Wisniewski; Treasurer, Raymond Laursen; Trustee, Richard Jorgensen; Sergeant-at-arms, Dave Zickus; Assistant Sergeant-at-arms, Pat Mills; Inner Guard, Howard Laursen; Outer Guard, Tom Muse.

May events at the lodge include a wine tasting party at 8 p.m. on Saturday, furnished by Foremost Liquors of Antioch. It will be followed by a dance.

May 15 will be Sportsmen's Nite, 8 p.m., with fishing films, and snacks of smoked fish and chips.

On May 29 there will be a "Moose Roast" of Secretary Ed Dahlke at 8 p.m., followed by dancing to the music of "Our Way."

The next enrollment of new members is June 5 at 8 p.m.

On Sunday, May 2, Jerry and Jackie Knigge of Antioch became the parents of a new baby girl. Little Lisa was born at St. Therese hospital in Waukegan. She also has a big brother, Doug, who is 4.

EVER TRY calling Wally Phillips at WGN in the morning? We've been trying for months, but the line is always busy.

But last Thursday, Antioch police dispatcher Garnet Cook called Wally and got through immediately without a busy signal. Garnet was suggesting a detour for the Tri-State Tollway east of Antioch, where traffic was blocked by an overturned truck.

TWO MEMBERS of Antioch's retired persons group went to Chicago Monday and "danced the day away" to the music of Wayne King. Conrad and Lucille Knudson took the trip with a Round Lake senior citizens group and Lucille said it was a wonderful, nostalgic experience. Wayne King, who is 75, has reorganized his orchestra for "senior citizens" because, as he says, he's one of them.

"My husband and I have been dancing to Wayne's music for 37 years," said Lucille.

THE LEADING money winner on the Ladies Professional Golf Tour this year is Judy Rankin, who has earned more than \$60,000 in the last four months.

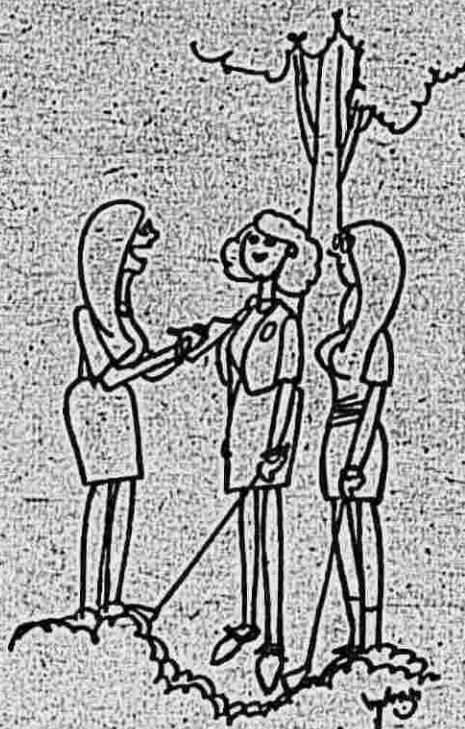

You might remember her as Judy Torluemke, a young lady who lived on David St. in Antioch about 12 years ago, when she was about 17 years old.

Ernie Westlund reminded us about Judy. She was an up-and-coming golf star then, too, and some of the local boys

Mike Haley and Howard Shepard, for example - remember golfing with her at some of the local courses.

Judy recently won the \$200,000 Dinah Shore-Colgate tournament with a four-under-par 68 in the final round.

## Class of '26 Holds Reunion

By VISHUNNESON

The Antioch Township High School class of 1926 met at Paty's Lounge last Saturday. Out of a class of 19, two are deceased, Charles Alvers and Myrtle Norma Barnstable. Of the remaining 17, 13 attended with their husbands, wives and friends.

Our 50th anniversary coincided with that of the First National Bank of Antioch which was represented by Hilma Lightsey. The class wished to

thank them for their generosity in presenting the centerpiece, the buttonnieres and corsages in class colors, and last but not least the champagne.

Lester Hamlin acted as emcee, including the reading of the class prophecy, will and history of yesteryear.

The planning committee was composed of Peg Dunn Harrison, Louise Sheehan McClure, Ruth Minto and Vida Palmer Shunneson. All members of the class contributed interesting

incidents of the present and past.

The evening was spent happily recalling by-gone days and, surprisingly enough, none in 50 years have aged. (Spiritwise that is.)

The reunion was enjoyed by all and everyone is looking forward to the next one.

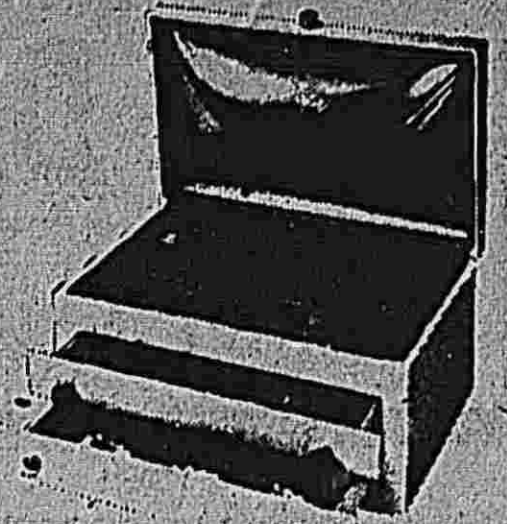

The class gave a vote of thanks for the hospitality of Paty's Lounge, First National Bank of Antioch, and all who made our memorable occasion a time to remember.

The perfect Gift  
for a perfect Mom!

## Fashion Show To Benefit Cancer Fund

The Lord and Taylor store at Hawthorn-Center will show new spring and summer fashions in a special way this year. On Wednesday, May 12, there will be a wine and cheese tasting party followed by a fashion show. Proceeds from the entire evening will go to the American Cancer Society, Lake County Unit.

The event will begin at 7 p.m. and will be held in the store.

The cost of each ticket is \$5 and is tax-deductible.

Interested persons can call the American Cancer Society at 336-9293 for tickets.

## Astro-Analysis

By Sonia

**ARIES** [March 21-April 19] - Be on the lookout for new employment opportunities that offer long range benefits. Through your ingenuity you can greatly improve working conditions as earning power is increased.

**TAURUS** [April 20-May 20] - Some new interests may catch your attention but don't act rashly; there's ample time to get involved in new activities. You may be forced to reconsider views on certain issues.

**GEMINI** [May 21-June 21] - Make an extra effort to do some good deeds this week. Buy gifts for others or visit those who may be under the weather. Civic work keeps you in touch with the outside.

**CANCER** [June 22-July 21] - Allow others who you admire to have a say in things now. You benefit most by affiliating with trusted confidants who know your situation.

**LEO** [July 22-August 21] - Don't balk those who show a tendency to be bossy. Bide your time and work on maintaining a level of favorable conditions with others.

**VIRGO** [August 22-September 22] - Through the joint efforts of a good partnership better working conditions can be established. Trust your intuition as more perceptiveness is exceptionally keen.

**LIBRA** [September 23-October 22] - You can learn from past mistakes but remember to apply what you've learned to a worthwhile cause. Take a good look at what values are and live up to those expectations.

**SCORPIO** [October 23-November 21] - Don't permit those inventive ideas to stagnate; if you don't get the go ahead from associates then take the cue and act independently.

**SAGITTARIUS** [November 22-December 20] - You may become somewhat impatient with co-workers who may not share your enthusiasm on certain issues.

**CAPRICORN** [December 21-January 20] - You have the charisma it takes to persuade important people that your aims are worthwhile. Don't waste valuable time on trivia when more important issues are at stake.

**AQUARIUS** [January 21-February 19] - Consider all the angles before making a move which could uproot strong family ties. Don't gamble on real estate deals.

**PISCES** [February 20-March 20] - Be attentive and aware as there's much to be learned from other sources now. A good trend prevails to begin new classes or to engage in educational pursuits.

The earliest English comedy was written in 1533 and called *Ralph Roister Doister*.

#### TIPS FROM THE TOP

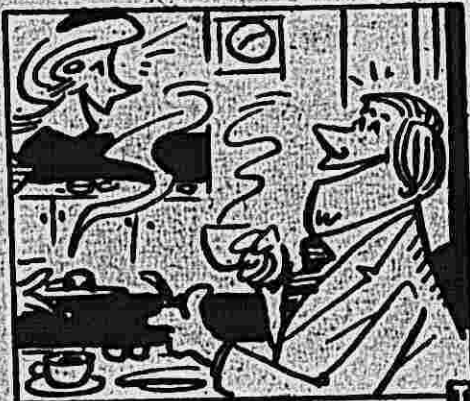

#### Helpful Ideas From Leading Holiday Inn Food Specialists

When making mayonnaise dressed salads, thin the mayonnaise with a liquid of some type. Fruit juices for fruit salads, vinegar or lemon juice for meats and vegetables. And don't forget that an herb that complements the flavors of the salad itself has a special appeal.

Robert MacPherson  
Grand Island, N.Y. Holiday Inn

For a salad that radiates perfection, here's how to prepare the greens. First, wash the lettuce, dry it and replace it in the refrigerator for crisping. This way the lettuce will be dry and perky. If lettuce is wet, the dressing won't cling.

Frank Doelle

# Making Math More Interesting

## AT UPPER GRADE SCHOOL

The math program at the Antioch Upper Grade School is called the Continuous Progress Laboratory or C.P.L.

The program includes aspects of the previous "Individually Prescribed Instruction" or I.P.I. program, but is much broader in scope and sequence. Its primary purpose is to determine a student's placement in a defined set of mathematical objectives that range from basic skills to algebra.

From this information the teacher can begin working with the student on the areas of weakness by building from their strengths.

The C.P.L. program is divided into five levels with each level divided into 10 units, thus giving a total of 50 units of material. From test results

students are assigned those units which they have demonstrated as areas of weakness.

All students may not do all 50 units in their three years at the Upper Grade School since the top units contain algebraic materials which not all students are quite ready for.

It is expected that the average material completed for a full year in the program would be eight units per student. This year the students have only worked in the program three quarters, since it was not fully operable until the start of the second quarter.

EACH STUDENT's progress is closely monitored, and the

students are told what material they should have completed in a specified period of time. This is done in several different forms such as with the contract system.

The contract system is an agreement between the student and the teacher that the student will complete a certain number of objectives in usually a two to three week period.

The contract is then sent home at the end of this period explaining how well the student has performed in completing the objectives.

THIS LEADS to the second purpose of the program, the instilling of student responsibility for completion of their

work. This involves working hard in class, staying after school for extra assistance, and taking material home for further study when assigned or necessary.

The resource material used to cover the various objectives includes five different textbook series, filmstrips, cassette tapes, I.P.I. material and worksheets.

Because all students vary greatly in ability and interest, they need different stimuli to reach the mathematical objectives they are responsible for accomplishing.

Personalizing the instruction brings a closer relationship between the student and teacher and in turn heightens the interest the student has for mathematics, their teachers say.

## CLC NEWS

The College of Lake County will conduct an ecology workshop especially designed for area teachers, June 7 to July 1.

A concentrated study of the interactions and relationships of organisms and diverse environments in Lake County, the workshop is recommended for the person interested in ecology and life around him or her.

Three semester hours of credit may be earned upon successful completion of the workshop.

The workshop will run Monday through Thursday from 12 noon to 3 p.m. The sessions will be devoted to lectures and field trips. There will be no tests. Registration is limited to the first 20 paid applicants.

Persons should call the college, 223-6601, extension 445.

THE COLLEGE of Lake County Films Committee is presenting a special, year-end, science fiction double feature on Friday, May 14, at 7:30 p.m. in CLC's Blue Lecture Hall.

"Fantastic Planet" combines animation, philosophy and surrealism on another planet.

In the second film, "The Last Days of Man on Earth," the ultimate computer creates a strange new messiah.

Admission is 25 cents for all persons. The public is invited.

## ABC's of Travel

### Domestic and International

By BARB CORBIN

For Americans in many walks of life, it is increasingly possible, popular and profitable to combine international travel and business.

Lower group travel and accommodation prices have brought overseas travel increasingly within the reach of American business and professional people; men and women, while the savings and associated tax breaks have made it possible to include family members on such trips.

To cite U.S. Treasury Regulation 1.162-5, an income tax deduction is also allowed for expenses of education (including registration fees, travel, meals, lodging) undertaken to maintain and improve professional skills. As a result, more and more professional groups are scheduling group seminars and other professional meetings aboard cruise vessels and even overseas, where ideas can be exchanged with professionals

BARB CORBIN

from other parts of the world.

Your local travel agent has listings of overseas trade shows and business and professional meetings. These listings may suggest travel possibilities that (as all travel can be) will be profitable as well as pleasurable.

Plan ahead and one can have maximum pleasure in a minimum expense vacation.

## Blood Screening Program

### May 19 At Antioch Drugs

A free blood screening program for the public will be conducted by local Family Drug Center pharmacies on Wednesday, May 19. One of the pharmacies conducting the free screening program is Antioch Drugs, 480 Orchard St., owned by Bill Mendrala.

The special "Blood Pressure Day" is part of an education program being conducted by all

75 Family Drug Center pharmacies in Chicago and suburbs.

In addition, the pharmacies will serve as information centers for high blood pressure throughout May, making available free counter literature to customers as a public service.

A spokesman for the campaign said it ranks "as one of the finest public health services ever conducted."

### HOW GOLF STARTED

Scotland is known as the home of golf, and the Royal and Ancient Golf Club of St. Andrews controls the rules under which the game is played throughout the world. Yet, Teacher's Scotch Information Centre blushes to admit, golf is not really a Scottish game at all.

Hitting a ball about goes back as a pastime into the mists of time. But the theory of how the game came to Scotland and was developed there goes back a few hundred years to the days when there was a thriving trade between Scotland and Holland.

Small Dutch boats would cross the North Sea bringing all manners of goods, but particularly spirits, to Scotland. The little town of St. Andrews was a favourite landfall and Dutch skippers would bring their barques up on the beach there.

After the ship was unloaded and there was time for skipper and crew to rest and refresh themselves, the Dutchmen would play a game they called "kolf." This consisted of picking up a suitable pebble from the beach and hitting it with a stick across sand and grass towards the nearest hostelry.

The man who took the fewest hits was judged the winner and the others had to buy him drinks. The Scots who saw the Dutchmen play this rudimentary game took it up as well and transformed "kolf" into the golf we know today.

"SAVE A CHILD" is the slogan of the "Red Ball" campaign sponsored by the Rotary Club of Antioch in connection with the village fire department. Displaying the poster are (from left) Wayne Parthun, a Rotarian and a fireman; Fire Chief Charles Maplethorpe, and Rotary officers Vern Thelen and Homer White. The fire

department will distribute the red balls during ticket sales for their June dance. They also are available at the police station and the Antioch News. The red ball is placed in the window of the living area of a child or an invalid so that, in case of an emergency, the firemen can identify that room.

## Happenings around the community

The Antioch Knights of Columbus, Father Henderson Council 3800, is sponsoring a bicentennial dance at St. Peter's Social Center Saturday, May 15, at 9 o'clock.

There will be door prizes and music by the Knights.

Proceeds will be used for youth scholarships and charitable works of the Knights of

Columbus. The dance is open to the public.

THE CLASS of 1978 of Antioch High School will hold a car wash from 9 a.m. to 5 p.m. Saturday at the Phillips 66 gas station on the corner of Main and Orchard streets.

The cost of a wash will be a donation (minimum of \$1). A vacuum cleaning will be an extra 50c.

A ROAST BEEF cafeteria dinner will be served by Millburn Ladies Aid of the Millburn Congregational Church at noon Thursday in the church dining room.

## School Chiefs Gather At Annual Dinner

School Board members and administrators from Antioch, Emmons, Grass Lake, Lake Villa, Millburn, Newport, Faith Lutheran, Prince of Peace and St. Peter's schools were hosted by the Antioch High School board of education in the high school cafeteria Apr. 28. A total of 57 persons attended.

Merv Pilotte, director, and Richard Glogovsky, assistant director of the Lake County Area Vocational Center, gave a progress report and answered questions on the center which is scheduled to be opened in September of 1977.

## Health Views

### A CHILD'S DEATH TRAP

According to observational surveys of children

traveling in cars, safety authorities note that only 7% of the children are properly restrained. This makes the family automobile the potential death trap for more than 90% of the children riding in automobiles.

### Don't cheat your wife

Many husbands do it without trying.

They work a lifetime to build an estate, but don't make plans for their estate after they're gone.

So you end up leaving more to the tax man and less to your family.

But some basic estate planning may change all that.

For example, you can leave nearly half your estate to your wife free of federal estate taxes—no matter how big it is.

It takes experts to plan your estate. So talk to your attorney. And ask your Country Companies agent about Country Life's special estate planning services.

## TREAT YOURSELF TO BREAKFAST IN BED

There are some luxuries in life that most of us can only dream about, but breakfast in bed is one luxury that anyone can enjoy. It's a special weekend treat when you can prop yourself up against the pillows and eat a tempting breakfast while reading the latest fashion magazines or watching your favorite TV program.

Your breakfast menu should be nutritious since this is the most important meal of the day. The ideal breakfast includes fruit, bread or substitute, eggs or meat, and milk. In other words, it should include something from each of the four major food groups.

A breakfast of Grapefruit Ambrosia and Ham and Cheese Pancakes with Peanuts accompanied by a glass of milk or two cups of cafe au lait—half milk and half coffee—is a nutritious, well-balanced meal that's as pleasing to the eye as it is to the palate. The Grapefruit Ambrosia combines fresh grapefruit and orange sections with pitted dates, flaked coconut and Planters Cocktail Peanuts.

The Ham and Cheese Pancakes with Peanuts are made by tucking slices of boiled ham between fluffy pancakes and topping them with a creamy cheese and peanut sauce.

Both recipes use Planters Cocktail Peanuts. Peanuts supply large amounts of

protein, niacin, riboflavin and other important food elements.

ONE OF THE county's best high school high jumpers is Antioch's Jerry Michalak, who has cleared 6 feet 3 inches this season with that nifty technique known as the "Fosbury Flop."

## Trapshoot Postponed

The challenge trapshoot between Jim Means of Norshore Resort and Dave Bushing and Bill Brook was postponed last Sunday because of illness in Mr. Means' family.

The event will be rescheduled at the Northern Illinois Conservation Club range.

## Upper Grade Track Teams Are Unbeaten

The Antioch Upper Grade School track team is off and running with a perfect 3-0 record in both the 7th and 8th grade divisions.

The teams have won over Gavin, Round Lake and Lake Villa.

The 8th graders, paced by returning regulars Denis Flaschner and Greg Stevens, have shattered 11 of 14 existing school records.

Newcomer Mark Abear has been a pleasant surprise in both the 440, in which he now holds the school record, and the 880, where his only real competition so far has been from teammate Dan Verkeyn.

Eric Blanchette has broken records in both the 70 and 120 yard hurdling events.

In the 7th grade, Robbie Rohrs has become a standout, setting records in the 440, 880 and as a member of two relay teams.

Robbie, along with sprinters Bobbie Hargett, Andy Dugenske and Hank Gillman, have made the 7th grade team a good possibility to repeat the conference championship won by last year's Antioch 7th graders.

Antioch will host the grammar school conference championship at the high school track on Friday and Saturday, May 21-22.

## Rescue Squad: 12 More Calls

The Antioch Rescue Squad made 12 calls last week, nine to administer first aid and three to treat victims of accidents. The squad had to rush eight persons to area hospitals.

The rescue squad has now made a total of 247 calls in the first four months of 1976.

The first nation to recognize the independence of the United States was France.

# Antioch Shows Power in Track

Antioch High's track is outstanding in its class, and the Sequoias do pretty well against the bigger schools too.

They proved this Saturday in the 12-team Warhawk Relays at North Chicago.

Antioch's sprinters placed second to North Chicago in a fast 880-yard relay, then took fourth in both the 440 and mile relay events.

Individually, Jerry Michalak took second in the high jump, won by Dan Rose of Plainfield at 6 feet 2 1/2 inches. Michalak has cleared 6-3 this season, the best height in Lake County.

MIKE WARE of Antioch proved again that he ranks among the county's best triple jumpers as he placed second to Lake Zurich's Dave Moenning, who sprang to a meet record of 45 feet 7 inches.

Antioch's star hurdler, Bob Walsh, was third in the 120-yard highs, and Dennis Pederson came through with a third in the discus and a fourth in the shot put. Keith Kaht tied for fourth in the pole vault.

Last Wednesday, Antioch

placed sixth in the 11-team Lake Forest Invitational. Ware was second in the triple jump and Kaht took a fourth in the pole vault. Walsh was fourth in the 330-yard low hurdles.

ON THURSDAY, at 4:30, the Sequoias have a home meet against Grant's Bulldogs. The Lake County meet at Stevenson starts at 10 a.m. Saturday.

Last Thursday the Sequoias easily beat Grayslake 112-34. Dave Moore won the 100 and the 220, Walsh broke the tape in both hurdling events, Bill Harland ran another 2:05 half-mile and Tom Huebner edged out his brother Tim in a close 440, the winning time being 55.8 seconds.

Other Antioch winners included Ware in the triple jump, Pederson with a hefty shot put of 47 feet 3 inches, John Christiansen with a 133-foot fling of the discus, and Chris Ano, who cleared 6 feet in the high jump. Antioch's relay teams also triumphed.

Coach Gerry Sandberg's team is getting ready for the May 15 conference meet and definitely will be one of the favorites.

## Softball Meet Set

Dug Out Park will host an "open, invitational" 12-inch softball tournament Saturday and Sunday, May 22-23.

Entry fee is \$35 and teams will be accepted on a "first come" basis. There will be

trophies and prizes. May 29-30 are rain dates.

Entries can be mailed to Dug Out Park, Rt. 1, Box 321, Trevor, or interested persons can call Tom Furlan (414) 862-9136.

## Antioch Driver Is 3rd Fastest

Tom Homan of Antioch was the third fastest qualifier in late model sportsman stock car racing at the Kenosha County speedway in Wilmet last Saturday.

Homan averaged nearly 54 miles an hour in qualifying, finishing only a fraction of a second behind Ron Nietupski of Kenosha and Duke Norton of McHenry.

Homan then placed fifth in the 15-lap feature won by Ken Zeise of Union Grove, Wis.

DICK COLBURN, Muskego,

Wis., defending super modified stock car champion, dominated and otherwise cooled a hot field of cars by winning the 25-lap feature.

Joe Kirsten, Waukegan was another standout in his new car which finished second in a heat and sixth in the feature.

Bill Schmidt, Kenosha was the 12 lap semi-feature race winner and also scored a win in a 10 lap heat. Other heat race winners were Fred Zack, Milwaukee; Robel and Bliss.

HONORED BY FORD MOTORS -- Ray Anderson (left) receives a plaque from Larry Ryan of Lyons-Ryan Ford-Lincoln-Mercury in Antioch. ## Mini-Indy Cars Race On Saturday

Springtime races at the Lake Geneva Raceway this Saturday night are expected to attract a large group of wintertime snowmobile fans.

Featured at the Raceway with the late model stock car action, will be 35 to 50 of the new Mini-Indy Racers.

The cars are powered by various types of snowmobile engines and even use the same type of clutch and belt drive line employed on snowmobiles.

They weigh only 310 pounds, less the engine weight. Bodies are all fiberglass and resemble Indianapolis championship type cars complete with front air scoops and rear wings. They are made on 110 inch wheel base frames of chrome moly tubing

and have 4 wheel disc brakes.

Drivers are in a semi-lay down position just as in Indianapolis cars. Pro-snowmobile champions from throughout the United States have turned to this summertime racing as well as many of the top drivers in auto racing.

Late model stock cars will compete in their regular program. Sportsman and spectator stocks will not race but will be in action on Sunday night, along with the super-modifieds.

## SPORTS SURPRISE

When Rocky Graziano won the World Middleweight Championship from Tony Zale in 1947 in Chicago, no official films were made of the fight.

Anyone who took home movies in 16 mm or 8 mm of that fight, or of any old fight may be able to sell them to fight film collector Jim Jacobs. His address is 9 East 40th St., New York, N.Y. 10016.

## Elementary, Watson Wins at Lake Geneva

Dave Watson of Milton, Wis., made it two 30 lap feature race wins in the late model stock car racing at the Lake Geneva Raceway Saturday night as he drove the Nielsen Enterprises 1976 Camaro into the lead on the 28th lap.

Watson said he felt like he had, "just finished the 500 mile race" because it was so tough to get through from the back to take the lead.

Watson also scored fast time of 17.09, just nosing out Joe Shear, Beloit, in another 1976 Camaro at 17.17 seconds.

The semi-feature winner was John Baumeister, Burlington, who also won a 10 lap heat race. Scott Leibnow, Elkhorn, flipped over in the semi-feature on the main straightaway but was not injured even though the car was

severely damaged.

In the sportsman stock car feature, Bart Reiner, Lake Mills, Wis., won over champion Roger Meyer, Columbus, and Dale Brandenburg, Janesville.

This week the track features the new Mini-Indy racers, along with the late model stock cars. There will not be any sportsman and spectators racing on Saturday night. However, they will return on Sunday night with the super modifieds.

## Babe Ruth League Tryouts Are Reset

Antioch's Babe Ruth league baseball tryouts, rained out last week, have been rescheduled for Saturday, 1 p.m., at the high school field.

"Boys not on Babe Ruth teams must be there," said League President Bernie Gutowski. Players from 13 to 15 years of age can sign up at the village hall or by calling Mr.

Gutowski at 395-0864 after 5 p.m.

There also are a few openings in the minor league program for

boys who will be between 8 and 11 years of age on Aug. 1. They can sign up at the village hall.

Gutowski said construction is almost complete on a new concession stand at the Little League park, but a combination freezer and refrigerator is needed. Anyone who would like to donate such a unit, new or used, should call Gutowski.

## SPORTSMAN'S CORNER

Boaters with engines rated too large for their watercraft can expect to receive warnings from conservation police this year, through none will be fined, according to State Director of Conservation Tony Dean.

"Boaters will be warned of so-called 'overpowering' this year in the interest of public safety. Next fall the department will propose regulations on this aspect of safe boating. I feel that further legal and technical clarification, as well as public input, must be considered before any tighter regulations are adopted and enforced," Dean said.

Dean said his department will

hold public meetings in the fall to get the opinions of boat owners, fishermen, and other citizens.

He explained that most boats have a Boating Industry Association (BIA) capacity plate mounted on the transom, which states horsepower and loading capacities.

"EARLY BIRD" boaters should keep in mind the new

boating laws now in effect. Unless their boats are properly equipped they may have to cancel their outing or risk getting a ticket and paying a fine, according to the Department of Conservation.

New requirements include the need for a fire extinguisher in mechanically powered watercraft, plus more stringent rules on life-saving devices.

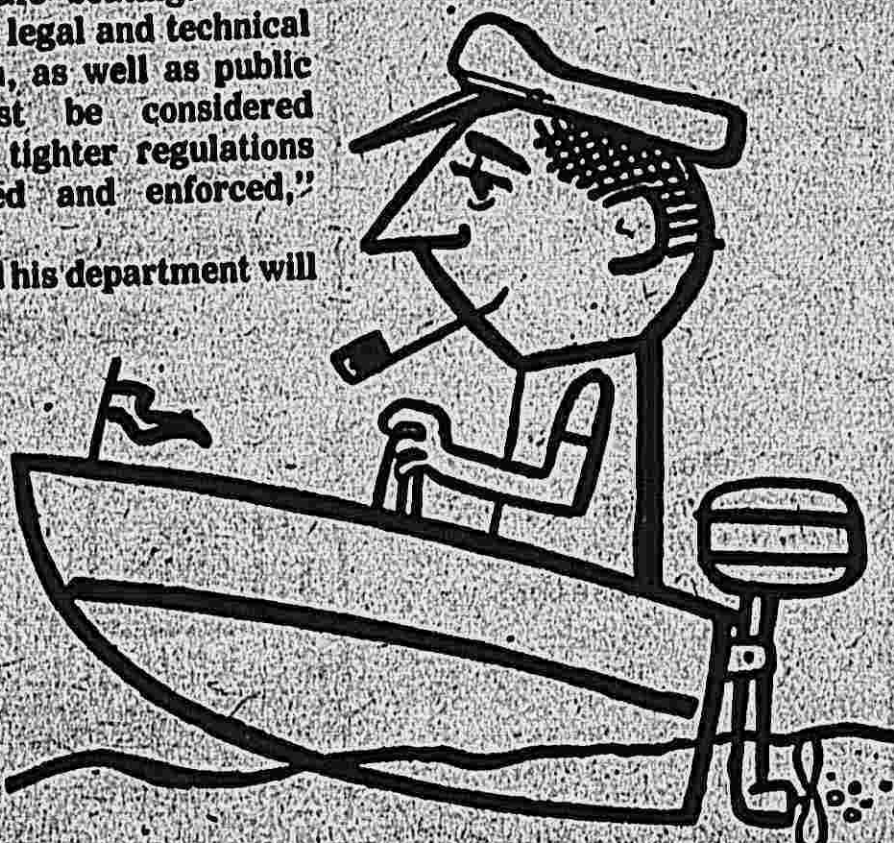

"Boaters underway before

sunrise or after sunset must have running lights on mechanically-powered watercraft, and a lantern, flashlight or other device that emits light on non-powered boats," said Tony Dean, conservation director. "Mechanically-propelled watercraft must also have a sound-producing device aboard capable of an audible blast of two seconds duration which can be heard a quarter mile away."

RULES AND regulations have been established for the hunting of white-tailed deer by the use of bow and arrow.

## Bakalis Seeks Antioch Votes

Michael J. Bakalis, the Democratic candidate for state comptroller began his campaign for the fall election with a tour of Lake County last week, including a visit to the meeting of the Antioch Township Democratic club.

Bakalis said Lake County is a key target area for him in the upcoming election.

"As in 1970 when I campaigned for superintendent of public instruction," Bakalis said, "I am bringing my campaign to the towns, villages and farms of Illinois. The people of Illinois have a right to meet their candidates and the candidates have a responsibility to go to the people."

Bakalis said he had rejected the advice of political strategists who have told him that certain parts of the state are not worth campaigning in because they have traditionally voted Republican.

"As state superintendent," Bakalis said, "I fought hard for the interests of children regardless of where they lived or of the political affiliation of their parents. Being the watchdog of

the taxpayers' dollar as state comptroller requires that same disregard of geography and political party."

Bakalis said the major issues in the campaign were the need to make the comptroller's office more useful and efficient and the assumption of a leadership role by the comptroller in solving the state's fiscal and governmental problems.

"In private industry," Bakalis said, "a comptroller plays a major role in policy-making. He is an important part of an executive team who not only deals with fiscal information but attempts to solve problems."

"In Illinois state government, unfortunately, the comptroller is a painter of scenes of fiscal doom and a mechanical check-signer. No solutions are presented, no problems tackled, no leadership given. A computer could run the office as it is presently being run," he said.

Bakalis' opponent in the Nov. 2 election is the incumbent Republican, George W. Lindberg, of Crystal Lake.

## Baseball Team Back in Race

Two junior pitchers fired shutouts last Saturday and Antioch High's baseball team zoomed back into contention for the conference championship.

The victories over Round Lake gave Antioch a 7-4 record, only a game behind co-leaders Warren and Lake Zurich, which were 8-3 in the standings.

Antioch was scheduled to play at Grayslake, yesterday and

then will host Lake Zurich at 4:30 p.m. Thursday in a key game.

After that, Coach Bill Seemann's Sequoias will play in the district tournament early next week before returning to conference play with a double header at Grant on Saturday, May 15.

LAST SATURDAY, right-hander Keith Evanson beat Round Lake 1-0, giving up only two hits. Then lefty Dave Zitkus stopped Round Lake 2-0 in another two-hitter. He struck out nine.

Evanson ran his string of scoreless innings to 14. Drew Dietz scored Antioch's only run on a wild throw and a passed ball.

Round Lake threatened once, but Terry O'Brien made a sliding catch and turned it into a game-saving double play for Antioch.

In the second game, Antioch's two runs came on a single by Mitch Witt and a home run blast by Jon Bodin. It was his second homer of the season.

LAST TUESDAY, Evanson struck out 14, walked only one and shut out Stevenson on four hits as Antioch won 8-0. Tom McAvoy drove in two of Antioch's runs. Bodin hit a triple and a single in that game.

Barrington, which has a 16-4 record, beat Antioch 5-1 last Thursday in a non-conference game.

## Millburn Church Woman Dies

Mrs. Minnie D. Engh, 82, of  
1050 Oakwood, Gurnee, died  
Tuesday, Apr. 27, in the Zion  
Benton Hospital.

She was born on Mar. 28, 1894  
in Dundee, Ill. She had resided  
in Sturtevant, Wisc., Truesdell,  
Wisc., and Racine, Wisc., then  
moved to Wadsworth in 1931.

Mrs. Engh moved to Waukegan  
in 1966. She was past  
matron of the Millburn Chapter,  
Order of the Eastern Star, and  
a member of the Millburn  
Congregational Church. She  
married Theodore M. Engh on  
Dec. 3, 1914 in Waukegan.

She is survived by 1 son,  
Clayton (Lucille) Engh of  
Gurnee; 1 daughter, Mrs.  
Geraldine (Richard) DusSalt of  
Ashland, Ohio; 1 daughter-in-  
law, Mrs. Edith (Harry) Zaeske  
of Union Grove, Wisc.; 5  
grandchildren; and 3 great-  
grandchildren. She was preced-  
ed in death by her husband on  
Oct. 25, 1969; and 2 sons,  
Theodore C. Engh on Feb. 27,  
1966; and Glenn in 1929.

Funeral services were held  
last Friday from the Strang  
Funeral Home, Antioch, with  
Rev. Donald McPeck of the  
Millburn Congregational  
Church and Rev. L.H. Messer-  
smith, former pastor of the  
Millburn Church, officiating.  
Interment was in Millburn  
Cemetery. Memorials may be  
made to the Millburn Congrega-  
tional Church or to the Millburn  
Order of the Eastern Star in her  
memory.

When fortune knocks, be sure  
to open the door.

## Restorations

Your cherished memories  
don't have to stay tucked  
away in that attic trunk or in  
the old family album you  
pored over as a child. They  
can be made to glow again ...  
in an honored place. In your  
home or as a gift to someone  
dear.

Stop in soon and

## OAKWOOD KNOLLS NEWS

By JEANNINE LEONHART

A sincere thank you to everyone who worked on the Oakwood Knolls Property Owners Association spring dance which was held Apr. 24 at St. Peter's Social Center.

The evening was a huge success and I'm sure everyone had a good time. The food, which was donated by the ladies of the association, was outstanding and we appreciate your generosity.

Special congratulations to Clem Muresan, a lifetime member of the OKPOA, and Ray Edwards of Loon Lake on winning the Charmglow grills donated by Lyons and Ryan Ford and John Teresi Chevrolet. May you enjoy them for many years to come.

Ann and Bill Haley will be enjoying some great cuts of meat in the next several weeks as they won the freezer selection donated by Jo Pat's.

THE LOVELY rocking chair, donated by Antioch Sales and Auction Barn is on its way to California with Chris and George Kellogg, who left Antioch last Saturday to relocate in Oakhurst, Calif. Such a lovely remembrance for them in their new home.

There were many other prize winner, due to the generosity of the local merchants, who I'm sure will long enjoy their prizes. A little bird tells me George Phillips and Arnold Weber are going to be put to work; - George's wife Judy won two cartons of floor tile and Arnold a gallon of paint!

A truly delightful highlight of the evening was the singing of "Happy Birthday, America" and the cutting of a huge birthday cake by Mayor Robert Wilton, Trustees Arnold Weber, Irv Walsh, Mike Haley, Willie Schmidt, and Association President Bob Olson. Super thanks to Tenza Jandula who created the beautiful 1776 birthday cake. It certainly was a work of art.

WE ALSO extend our sincere appreciation to the State Bank of Antioch for its donations and the First National Bank of Antioch for the printing of our commemorative program covers in addition to the other donations.

It certainly is enjoyable working with people as pleasant as those at both of these banks.

A final thank you to everyone who worked so hard. We truly had a fitting celebration of our nation's 200th birthday.

PLANS ARE getting underway for the association's summer activities. RoseAnn Mazzio and Mary Ann Edens are chairwomen of the Oakwood Knolls float entry in Antioch's Fourth of July parade. Call them to volunteer your help and suggestions.

Ken Jandula and Chuck Miller are getting plans underway for our 2nd annual fishing derby, July 24 from 6 a.m. to 3 p.m. This year there will be prizes in two divisions - young people and adults. Looks like it will be another fun day.

Plans are also underway for the opening of the beach over the Memorial Day weekend. Volunteers are DESPERATELY needed to paint the rafts and piers on May 15 and to help get them in the water on May 22. Volunteers are urged to call Joe Pittman, 395-6827, or Ken Jandula, 395-3255, immediately.

Let's not delay the beach opening.

The picnic season was officially opened Sunday, May 2, as the Arnold Webers hosted the first picnic of 1976. Unfortunately they forgot to inform the weatherman of their plans and the picnic was moved indoors.

Guests for the afternoon included Carol and Ted Olander and daughters Sherry, Barbara and Susan, George and Judy Phillips and children Steve, Mark and Ann, Glenn and Rynee Hendrickson, and Joe and Jeannine Leonhart and daughter Jenny Jo. A good time was had by all in spite of the cancellation of the baseball game.

Al Ahrens was the guest of

honor at a surprise birthday party hosted by his wife Florence on Apr. 25. Twenty-two relatives were invited to join in the celebration of Al's 65th (or 66th birthday, depending on which birth certificate you look at), and the guest of honor was thoroughly surprised.

HAPPY BIRTHDAYS this week to Suzanne Frasch, May 6; Bob Olson, May 10; and Kathy Stroschein, May 11.

Anniversary greetings to two hard working association couples - Ken and Tenza Jandula on May 8 and Clem and Mary Muresan on May 9. Best wishes to all of you.

Don't forget to call and let me know the news.
